2. Also attached is [REDACTED] memorandum of 1 April 1955, containing his comments on the same draft. I have included most of [REDACTED] comments in my memorandum. See, however, his comments on paragraph 2-b, page 2; paragraph 6-a(1) and (2), page 6; paragraph 6-c, page 9; paragraph 6-e(1)(a).

3. There are two general points of some concern. (a) Although adoption of the suggestions listed in our outgoing will, I believe, improve the regulation considerably, it will still be a lengthy, awkward instrument. (b) I should think the Regulations Control Staff and the authors of [REDACTED] will be unhappy with the receipt of an eleven-page memorandum of non-concurrence. It might be more acceptable if an informal conference could be arranged.
